

EQUIPMENT LEASING

WHATEVER INDUSTRY OR BUSINESS YOU ARE IN, CHANCES ARE TENET FINANCIAL GROUP CAN PROVIDE EQUIPMENT LEASING OR FINANCIAL OPTIONS.

New customers may qualify for up to \$150,000 in equipment financing within 24 hours.

BENEFITS OF LEASING INCLUDE:

- **Cash flow** – By making monthly payments, businesses can pay for the equipment with the improved cash flow generated from their technology.
- **Obsolescence Protection** – Leasing allows you to match payment plans to the equipment's expected useful life.
- **Tax Treatments and Benefits** – You may be able to write off 100% of your lease payments from your corporate income because the IRS generally does not consider an operating lease to be a purchase.
- **100% Financing** – Leasing typically does not require a large down payment and you can finance up to 100% of the equipment cost. In many cases, service, installation, warranty and other soft costs can be included in the lease.
- **Speed** – In most cases, Tenet Financial Group can get approved businesses up to \$250,000. Approval can usually be secured in less than 24 hours.
- **Preserve Cash and Bank Lines** – Preserve cash and bank lines by using equipment leasing as an alternative form of financing specifically for capital equipment.
- **Strengthen Company Credit** – Most of our financing lines are tied to the business and will not be reflected as leverage on your personal credit report. As an alternate result, our financing lines will build-up and strengthen pay history you establish.

SMALL BUSINESS FUNDING YOU CAN TRUST.

TENET FINANCIAL GROUP is dedicated to helping business owners navigate the entire funding process – start to finish – so you can focus on your business.
